

EXECUTIVE OFFICE OF THE PRESIDENT
OFFICE OF DEFENSE MOBILIZATION
WASHINGTON 25, D. C.

OFFICE OF THE DIRECTOR

Honorable Allen W. Dulles
Director
Central Intelligence Agency
Washington, D. C.

JAN 3 1956

Dear Mr. Dulles:

The National Security Council, in its Statement of Policy on Electromagnetic Communications (NSC 169) dated October 27, 1953, charged this office with responsibility for coordinating the actions of those executive departments and agencies of the U. S. Government delegated the task of implementing certain segments of the above Statement. At the same time, this office was directed to report to the Council periodically with respect to progress in carrying out the implementation of the plans contained therein.

Pursuant to these responsibilities placed upon this office by the Council, it is considered desirable that a progress report be prepared for the annual period ending December 31, 1955.

The responsibilities of the Central Intelligence Agency under the Council's directive are, as you know, set forth in paragraphs 2, 3a, 5a, 8a and 8d of NSC 169. Interdepartmental coordination of the actions embraced by paragraphs 2 and 8a were delegated in NSC 169 to the Operations Coordinating Board. Hence, the Board will furnish the Council with a report on those particular subjects.

Accordingly, we shall appreciate receiving by February 1, 1956 a report on the progress of implementation on those remaining items for which your agency is responsible.

Sincerely yours,

Arthur S. Flemming
Director
